HGe TAPE HGe tape is a new tape designed for commercial and industrial labeling applications, to print laminated labels much faster than any current P-touch® label printer.

TZe TAPE TZe tapes feature the same laminated structure and durability of HGe tapes, but without the faster print speeds and higher resolution of up to 360 X 720 dpi offered by HGe tapes.

HSe TUBE HSe tube is a printable heat shrink tubing designed for PT-E300, PT-E500, and PT-E550W handheld labeling tools, and the PT-P750WVP, to mark cables, fiber and wires.

General Indoor/Outdoor

- Ideal for flat, smooth surfaces, indoors & outdoors.
